For more information, call us at **978-777-0081** or email **sales@danatronics.com** or visit **www.danatronics.com** to arrange a demonstration.

Danatronics is pleased to introduce our DVT Series of affordable, hand-held video borescopes with motorized articulation. Now offered in 4mm (1.5M or 3M), 6mm (1.5M or 3M) and 8mm (1.5M, 3M, 6M) diameters, the new DVT series is the ideal video inspection tool for your the most challenging applications. The mechanized joystick offers simple one hand control of the camera articulation. The result is smooth and accurate control of the articulating tip with immediate response from the joystick. This allows the camera to be steered through narrow bores, channels and complex curves. Best of all, the DVT series is light weight, simple to operate and affordable.

**DANATRONICS**  
NDT Made Easy

## Features:

- 4.3" TFT LCD Display
- 8GB SD card for saving picture and video images
- Rechargeable Li-Ion Battery
- Tungsten sheathing
- 4 times digital zoom
- Easy, one-hand operation

## Typical Applications:

- Machinery
- Casting
- Airframes
- Heat Exchangers
- Boiler Tubes
- Gas Turbines

Motorized 360° Articulating Joystick

## Affordable Motorized Articulation Complete Kit

A/C  
Charger

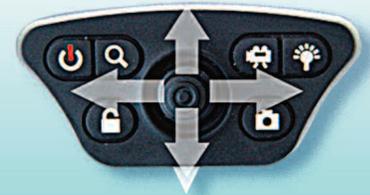

SD Card  
(up to 8GB)

Rechargeable  
Battery

Ergonomic design. Ideal for one-hand operation
